PROLOGUE.

This little book is an extract from a voluminous manuscript prepared by the author, who was for twenty-five years Clerk of the Town, embracing an Index to the Vital Records of Braintree, Mass. from 1640 – 1890; and so far as possible arranged by families.

His reputation for careful genealogical work is a sufficient guarantee of its comparative accuracy; and it constitutes, not only an index to the original record, but a complete Genealogical History of the town, the result of years of careful study.

As it is a posthumous work, very few liberties have been taken with the text, and then only in the arrangement.

Students will take notice that in the Records of Births,
+ of the parents precede the list of children.

owing to the limited demand the publication of this Mss.
is expensive, hence it will be years, if ever, before all the
families are put in type.

The publisher will, on demand, bring out any family, if
a sufficient number of subscriptions are guaranteed; or he
will make copies, for any one seeking information, at the
most reasonable figures.
